

# THE OPEN MOBILITY FOUNDATION

The Open Mobility Foundation (OMF) is a non-profit open-source software foundation with a mission to transform the way cities manage transportation in the modern era using well-designed, open-source data standards and software. We operate as a public-private partnership that brings together cities, mobility companies, and software vendors to co-create technology that facilitates digital-savvy approaches to regulation, scalable deployment of new mobility services, and the management of public space for the public good.

DIRECT MEMBER BENEFITS	INDIRECT MEMBER BENEFITS
<ul style="list-style-type: none"> <li>→ Participation in OMF leadership roles, committees, and member networks</li> <li>→ Access to member engagement events and programming</li> <li>→ Seat at the table to shape the direction of OMF and its work</li> <li>→ Public recognition of membership on OMF website and marketing materials</li> </ul>	<ul style="list-style-type: none"> <li>→ Demonstrate a willingness to work with cities</li> <li>→ Encourage a more uniform regulatory environment and technology marketplace</li> <li>→ Access city perspectives on emerging mobility services</li> <li>→ Build relationships with key ecosystem participants</li> </ul>

## MEMBERS

The Open Mobility Foundation is led by municipalities across the country that are united in finding solutions to shared transportation challenges. A complete list can be found at: [openmobilityfoundation.org/members](http://openmobilityfoundation.org/members)

# HOW WE WORK

- All member organizations are able to attend board and member meetings
- Members serve on committees, shaping the vision and direction of OMF through governance process
- Working groups and GitHub repositories are open-to-all, and technology is built through public and private sector collaboration
- Members participate in events and programming that connects cities and companies to build a shared vision for mobility

“The Open Mobility Foundation is a great example of how governments can leverage the power of data to transform and modernize the use of city infrastructure to ensure a more equitable future for all.”

- Dr. Rajiv J. Shah, President of The Rockefeller Foundation

## MEMBERSHIP LEVELS & DUES (2021/2022)

### Membership Levels

OMF offers two levels of membership: Premier and Associate. Premier members are eligible to be elected to the Technology Council, serve as voting members in committees, or chair a working group steering committee.

### Dues Schedule

Private sector members pay annual dues. Membership dues are based on company size, as measured by full-time equivalent (FTE) headcount. The table below shows annual dues based on organization size:

FTEs	<10	10-100	101-500	501-1,500	>1,500
Premier	n/a (*)	\$25,000	\$50,000	\$100,000	\$150,000
Associate	\$10,000	\$17,500	\$35,000	\$70,000	\$105,000

(\*) To ensure that Technology Council members represent organizations with capacity to contribute to the OMF's work, only Associate membership is available to companies with fewer than 10 FTEs.
